# Backlit Bluetooth Keyboard

Owner's Guide

# Introduction

Thank you for your purchase of the SHARKK Backlit Bluetooth Keyboard. Please take the time to read this manual carefully before you begin using your new item.

In this age of mobile device proliferation, the wireless keyboard has become an almost ubiquitous phone and tablet companion. Featuring classic aluminum styling and a slim lightweight design, the

# Introduction

SHARKK Backlit Bluetooth Keyboard was crafted with the intent to blend convenience and utility into the ultimate mobile accessory.

In addition to the Backlit Bluetooth Keyboard, the SHARKK Lifestyle Brand is pleased to be able to offer a wide range of consumer accessories across many different product categories. Keyboards, Tablet and Phone Cases, Speakers and Wallets are

# Introduction

but a few of the items that make up our extensive online catalog.

Here at SHARKK, the quality of our products and the satisfaction of our customers are the two greatest passions of our enterprise, as we endeavor to bring you top quality items at competitive prices.

## Box Content

- 1x Wireless Back-lit Bluetooth Keyboard
- 1x Micro-USB charging cable
- 1x User Manual
- 1x Pouch

## Instructions

Before you begin using your new keyboard, please use the micro-USB charging cable (included) to

charge the keyboard for 1 - 4 hours or until the battery status light ( ) turns off.

## Power Switch

The power switch for your device is located on the underside of the keyboard. When powering on, the status indicator ( **Status** ) will briefly turn blue, indicating that your device is now active.

## Bluetooth Connection

- While the keyboard is powered on, press the connect button located on the underside of the keyboard to begin bluetooth pairing with your device.
- After pressing the connect button, the blue keyboard status indicator light (**Status**) will begin to blink, and will continue to do so until pairing is complete.

# Getting Started

- Once the status indicator light is blinking, turn on the bluetooth setting on your mobile device and scan for nearby bluetooth-enabled devices.
- Once the scan is complete, the keyboard will appear on your screen as “SHARKK Keyboard”, select this option and input the displayed code on the keyboard then press enter to complete the pairing.

## Charging/Battery

- The charging indicator light (⚡) located on the underside of the keyboard will turn red when the keyboard is plugged in and charging. The charging indicator will turn off when the keyboard is fully charged.
- When the keyboard battery is running low, the power indicator located on the bottom of the

keyboard will begin to blink. When blinking, please charge battery for no less than 2 hours.

- Use the Micro-USB cable (included) to charge your keyboard by inserting the larger end of the cable into the USB port of a computer or power adapter.
- Charge for 1 - 4 hours, or until the battery status light (⚡) on the bottom of the keyboard turns off.

## Sleep Mode

- To conserve energy and maximize battery life, the keyboard will automatically enter sleep mode if left on and unused for approx. 1 minute.
- Simply press any key on the keyboard to reawaken.

---

***Note:*** *The keyboard will also automatically enter sleep mode if it is turned on and there is no attempt made to pair it with a device.*

---

## Backlight

- Press the backlight button (☀) to turn on.
- Press the backlight button a second time to increase the level of backlighting.
- Press a third time to turn off.
- Press (☀ + ↑) or (☀ + ↓) to change backlight colors.

---

***Note:*** *Backlight is automatically disabled when battery capacity falls below 20%.*

---

## OS Function Keys

The keyboard contains a unique OS settings button for each of the three operating systems it supports.

---

***Note:*** *because the keyboard supports multiple operating systems, it includes buttons that are nessecary for some but may not be nessecary for others, such as the* **cmd** *key for IOS and the* **Fn** *key for Windows.*

---

## Cleaning Instructions

To clean your keyboard, lightly wet a soft cloth with either water, alcohol or an alcohol based disinfectant and wipe gently.

## Caution

- Keep away from sharp or damaging objects.
- Do not place heavy objects on top of the keyboard.

# Appendix

- Avoid exposure to microwave fields.
- Keep away from oils, chemicals and other organic liquid items.
- Do not attempt to bend or distort the keyboard in any way.
- When not in use for a prolonged period, it is recommended that the keyboard be powered off to lengthen the life of the battery.

## Troubleshooting

- Make sure that the power switch is in the “on” position.
- Make sure the keyboard is with range of your device (approx. 30 feet).
- Make sure that the bluetooth setting on your mobile device is enabled, and that the keyboard is showing as “paired”.

# Appendix

## Satisfaction Guarantee

As with all SHARKK products, the Backlit Bluetooth Keyboard comes with our quality assurance and satisfaction guarantee. If you should experience any issues with your keyboard, or if you simply have a question or inquiry, we invite you to contact our customer service department by email at support@sharkk.com, and we will do everything in our power to help resolve the issue.

## Warranty

Your new SHARKK Keyboard is covered by a Limited Manufacturer's Warranty. Details of the warranty are as follows: for a period of one (1) year from the date of retail purchase, SHARKK warrants that this product is free of any defects in manufacturing, materials and workmanship. During the warranty period, we shall, at our sole discretion, repair or replace any defective parts within a reasonable period of time and free of charge.

# Facebook

Please take a moment to visit the SHARKK brand interactive Facebook page, where you can like, comment or share for a chance to win weekly product giveaways.

By joining the SHARKK Facebook community you will be eligible for special promotions and giveaways, as well as being among the first to know about new products, discounts and sales.

# Thank You

Once again, thank you for choosing SHARKK for your electronic and accessory needs. We hope you enjoy your Backlit Bluetooth Keyboard, and we look forward to hearing from you again soon.
